

# LSU Tiger Gift Center

## PROJECT STATS

**Location:** Baton Rouge, Louisiana

**Total Size:** 6,800 SF

**Type of Work:** New Construction

**Project Cost:** \$2,000,000

**Completion Date:** May 2009

## PROJECT NOTES

LSU fans have an exciting attraction on campus. The Tiger Gift Center, built on Tiger Stadium Drive, is another testament to the exceptional caliber of the LSU athletic department. The project included new construction as well as renovations to the existing gift store. The unique design combines structural steel with the traditional LSU feature of exposed aggregate stucco finishes with an arched aluminum storefront window system to allow natural sun light into the building. In spite of Hurricane Gustav, D. Honoré Construction was able to complete the project on time and on budget. The result is a handsome center that enhances the campus, student life and football season.

GEAUX TIGERS!

*"DHC is proud to have built such a handsome—and popular—LSU facility. In keeping with the architectural vernacular of the campus, it reflects the quality and caliber of design that is the hallmark of our flagship university."*
