

## Golden Nugget Casino New Maintenance Facilities

### PROJECT STATS

**Location:** Lake Charles, Louisiana

**Total Size:** 13,720 SF

**Type of Work:** New Construction

**Project Cost:** \$1.9M

**Completion Date:** December 2014

### PROJECT NOTES

Despite the distance, D. Honore Construction set the pace to provide Golden Nugget Casino two new buildings to house their Maintenance Facilities in order to maintain their luxurious golf course by year end. This fast track project began in September of 2014 which consisted of a 10,500 SF Pre-Engineered Metal Building and a 3,220 SF block masonry building.

No luck of the draw here, D. Honore Construction was able to manage this project on time and on budget.
